

Cable Communication Cut At Last.

**Sampson Controls One Cable--Santiago on
Verge of Starvation--Ensign Palmer
Commended For Bravery--Ex-
change For Hobson and His
Gallant Men.**

On board Associated Press dispatch boat Dauntless, off Santiago de Cuba, Wednesday night, June 8, via Kingston Jamaica, June 9.—Last communication between the island of Cuba and the outer world was severed yesterday. The Kingston-Santiago cable was cut on Monday, the Marblehead, Yantic and St. Louis cut the Haytian cable running into Guantánamo bay yesterday. The ends were buoyed and Rear Admiral Sampson can re-establish communication with Washington direct. The Marblehead also engaged, and drove a Spanish gunboat into Guantánamo harbor, and shelled and reduced its antiquated fortifications. The insurgents co-operated on the land side. The place is being held until United States troops arrive. It is contemplated to establish a general base here. The Cubans are active, and arms, ammunition and supplies for them were landed by Suwanee yesterday in great quantities. Insurgents and Spaniards fight daily.

The Marblehead on Monday, when the insurgents pressed forward west of Santiago, shelled the Spaniards who fled to the mountains, checking the path followed in their rear with dead and wounded. Santiago is on the verge of starvation. All food has been seized for the army and navy. The troops and sailors are on half rations.

Rear Admiral Sampson has officially declared his purpose of the bombardment of Santiago to clear the way for troops. His object has been attained. He personally commended the bravery of Ensign Palmer for approaching to within 150 yards of the Spanish batteries at night and learning that the Spaniards were re-mounting guns. The admiral sent the Vixen with a flag of truce to the entrance of the harbor on yesterday, offering in exchange for Lieutenant Hobson and his party some prisoners taken from the prize by the Marblehead of Cienfuegos. Admiral Cervera considered the matter all night and sent word today he was powerless to act. He referred the matter to the military governor and the latter in turn referred it to Captain General Blanco. A long delay is probable.

CONGRESSIONAL.

Washington, June 9.—Conference on the war revenue bill concluded their work at noon today but decided not to report their agreement to either house until all amendments can be printed. It is believed can be done by 1 or 2 o'clock.

The committee decline to give out any terms of the agreement in advance of the report to the house. It is known, however, that the senate seigniorage provision was retained though in modified form.

The compromise provides for coining \$1,500,000, instead of \$4,000,000, per month as provided in the senate bill. It is estimated that at the rate provided it will require about five years to coin the silver seigniorage now in the treasury.

The amount of bonds to be issued was also compromised, being placed at \$400,000,000.

The differences between the two houses on the tobacco tax were adjusted on the point of taxing stock on hand, by inserting a provision for a tax additional to that already paid, of 3 cents per pound on stocks of 1,000 pounds and more, since April 1. There was also a compromise on the size of packages the smallest packages being 2½ ounces.

Captain Hart Pardoned.
The president today granted a pardon to Captain John D. Hart, now serving a sentence of 2 years for engaging in a filibuster expedition to Cuba.

New Mexico Land Grant Bill Passed.
The house bill making certain grants of land to the territory of New Mexico for educational purposes, was reported by the committee on public lands and passed.

More Generals.
The president today sent these nominations to the senate:

Volunteer army, major general, Warren K. Keifer, Ohio; brigadier general, John P. S. Gobin, Pennsylvania.

In the senate this afternoon a lively discussion sprang up over a resolution offered by Mr. Lodge for an investigation of the distribution of the money paid under a claim allowed the Methodist book concern in the south. It is claimed that lobbyists got 35 per cent of the large amount of the claim, although congress had been assured that agents would get no part of the money. Several southern senators denounced the payments to lobbyists.

Volunteers to Vote.

The bill to enable volunteer soldiers to participate in the congressional elections was taken up by the house today. A number of amendments affecting the method of voting and the return of votes with the view to prevent fraud, were incorporated.

RE-ENFORCEMENTS SPANISH FLEET.

Rumors to Effect That Three Spanish Warships Have Slipped Into Havana Harbor Credited by Naval Officers.

Key West, Fla., June 9.—Persistent rumors credited by naval officers of high rank here are in circulation to the effect that three Spanish warships have forced their way into Havana harbor. One report says one battleship and two cruisers have entered.

Attempting to Elude Blockade.

Four suspicious looking vessels, thought to be Spanish warships, are, or have been, attempting to elude the blockading squadron off Havana.

A government tug from Cienfuegos which joined the American squadron off Havana yesterday brought messages from Commodore Watson from an auxiliary gunboat, which were to the effect that on Tuesday night the gunboat sighted four vessels, thought to be a battleship, two cruisers and one torpedo boat, between Salt Cay and the Padre del Cruz light. The gunboat followed them, and when within speaking distance, hoisted the private fleet signal. The strangers answered with three masthead lights, which was not the required signal. Immediately thereafter they put out all their lights. The gunboat cruised after the strangers for two or three miles, once approaching within 2,000 yards, but eventually abandoned the chase and reported to the nearest ship of the United States fleet. Advice was then sent to Commodore Watson by the government tug, and he dispatched the tug to Key West. The commander of the gunboat which followed the four vessels says he is satisfied they were Spanish warships, either trying to get into Havana or trying in wait for transports. The affair, however, is involved in doubt. The British cruiser Talbot left Havana Tuesday, and may have been one of the vessels sighted.

Spain Still Calm.
Madrid, June 9.—Bad news from the Philippine islands has caused a deep impression here. The country is calm, but there is a latent feeling of dissatisfaction, which is only repressed on patriotic grounds.

BRITISH OFFICIAL BANISHED.

Captain General of Porto Rico Acts in a High-Handed Manner.

New York, June 9.—A special from St. Thomas, Danish West Indies, reports that Macias, governor general of Porto Rico has banished from the island Walter Betts, secretary of the British consulate at San Juan, after subjecting him to 56 hours imprisonment and grossly mistreating him. The British consul general, Crawshaw, has reported the affair to his government. Betts was accused of revealing Spanish military secrets to the agents of the United States.

The day after the bombardment of San Juan by the ships of Admiral Sampson, General Macias caused an extensive system of mines to be installed in the outer harbor in anticipation of the returning of the ships and subsequent bombardment.

Although the greatest care and secrecy were observed by the Spanish in mining the harbor, details of the work were reported to Consul General Hanna. He is now making an extensive report to the Navy department.

In some way General Macias learned this, and as the British consulate has been guarding American interests at Porto Rico since the withdrawal of Consul Hanna, he at once suspected that the Englishmen conveyed the news to United States officials. He peremptorily summoned 30 British subjects and put them through a searching examination, after which several were cast into prison for 24 hours. Upon Secretary Betts, General Macias visited most of his wrath. The British official was practically accused of having revealed military operations and was dragged off to a dungeon. There he was kept 56 hours in the face of the protests of Consul General Crawford.

When released Secretary Betts was presented with his passports. He left at once for St. Thomas.

The military plans of General Macias were not disclosed to Consul Hanna by British officers or subjects, but by trusted officers attached to General Macias staff.

Island of Guahan Will Be Seized Soon

**Cruiser Charleston Will Not Go to Philip-
pines at Once--To Stop at Ladrone Is-
lands and Take Possession of Span-
ish Territory**

San Francisco, June 9.—The Evening Post will say today that the cruiser Charleston will not go to the Philippine islands immediately, but that her destination is the island of Guahan, in the Ladrone group, controlled by the Spanish, which are about 1,500 miles from Manila, and 3,600 miles from Honolulu. The chief city of Guahan is exceedingly well fortified for such a small place, and affords one of the best harbors and coaling stations on the Pacific. About six months ago the fortifications were strengthened by the Spanish to present a formidable resistance in case of an attack. The Post says the United States will seize the group and use the island of Guahan for a Pacific coaling station in addition to any others she may seize in the future. The Charleston, the Post continues, was ordered to await at Honolulu for the first fleet of transports that left this port and take steps to seize the Ladrone. It is asserted that the artillery which went on the City of Peking was really intended to garrison the forts at Guahan, and after quiet has been restored and the islands are under the control of the United States. The Charleston will, with the transports, go to Manila. It is said the Monardoc will not stay at Honolulu but will proceed to the Ladrone, and there remain as a permanent guardian of the interests of the United States.

TORPEDO BOAT ATTACK FAILED.

**Heavy Fire From United States Warships
Compelled Spanish Torpedo Boat to Re-
turn Into Harbor.**

Off Santiago de Cuba, Saturday, June 5, at 2 p. m., via Kingston, Jamaica, Monday, June 6, 9 a. m.—The firing by the New York and the New Orleans, briefly reported last night, was directed against a Spanish torpedo boat destroyer, probably the Furor or Pluton.

The character of the enemy was not definitely known until the next day, when the torpedo boat Porter found two loaded torpedoes floating off shore, neither having been discharged; one sank, the other was hauled on board the Porter. It exactly fitted the description of the torpedoes carried by the Pluton and Furor. It is believed the torpedo boat destroyer escaped. She was seen by the New Orleans when too far away to do any damage and the heavy ships fire must have driven her back. When the New York arrived, she would have had time to sink along the shore and back into the harbor.

Santiago Cable Interrupted.

Port au Prince, June 9.—No news has been received this morning from Santiago and it is said that cable communication has been interrupted.

ing Hawaii.**

According to this senator the message will be delayed a few days to await any action that may be taken by Speaker Reed and the committee on rules and it is likely to go in early next week.

RE-ENFORCEMENTS FOR SAMPSON.

**Believed That Eight Hundred Marines Ar-
rived Off Santiago de Cuba Today--In-
tended As a Landing Force Only.**

Washington, June 9.—It is believed the first re-enforcements for Admiral Sampson's fleet arrived today off Santiago de Cuba. These are 800 marines under the command of Lieutenant Colonel Huntington, who sailed three days ago from Key West on the steamer Panther.

They are not intended for distribution among the fleet, but as a landing force, pure and simple. Though no official confirmation has yet reached the Navy department of the newspaper reports that come from Admiral Sampson's fleet to the effect that he landed marines at Calmanara, and they are in possession of a strategic stronghold in the hills near by, naval officers here are inclined to accept as accurate the reports. They feel a pride in the fact that the navy, through its marine adjunct, has earned the distinction to be the first to occupy territory in Cuba.

Officials here express a belief that troops have already sailed from Tampa, but no one in authority and advised of the facts will make a statement publicly.

WANT RESPONSIBILITY FIXED.

**Madrid Newspapers Demand That a Scape-
goat Be Found--Satisfied That Powers
Will Not Permit United States to

Madrid, June 9.—The newspapers here are printing violent articles demanding that the responsibility for the political situation be determined. Political circles express themselves as quite well satisfied that the powers will not permit the United States to hold the Philippines.
